Executive Summary

Our Workforce Management Strategy 2022 to 2026 outlines how we will ensure we have the right people, skills and culture to deliver our commitments for the next 4 years and beyond. Together with the Long-Term Financial Plan (LTFP) and the Asset Management Strategy and Plans, the Workforce Management Strategy forms our comprehensive Resourcing Strategy under the Integrated Planning and Reporting Framework (IP&R).

At the heart of the Workforce Management Strategy is the Culture and Leadership Framework, which guides the way we need our people and teams to think and act to deliver on our actions and commitments in the Delivery Program.

This framework guides and structures the actions and initiatives within this plan to delivery: Operational Efficiency, Healthy and Engaged Employees and Trusted Leadership.

Integrated Planning and Reporting

All councils in NSW are required to operate within an Integrated Planning and Reporting (IP&R) framework. The IP&R framework guides how each Council develops, documents, and reports on their strategic plans under the Local Government Act 1993.

The IP&R framework requires each council to develop and implement a Resourcing Strategy, which shows how the council will leverage its available resources to implement the Delivery Program and Operational Plan.

The Integrated Planning and Reporting Framework - Office of Local Government 2021

The Resourcing Strategy has 3 major components:

- **Long-Term Financial Plan** - The approach to financial management ensuring sufficient funding to deliver commitments into the future
- **Workforce Management Strategy (this document)** - The approach to workforce planning to ensure the right people, skills and culture exist to deliver commitment into the future
- **Asset Management Strategy and Plans** - The approach to asset management, renewal and planning to ensure well maintained and sustainable infrastructure into the future

The Resourcing Strategy is a key driver in delivering the strategies and plans developed by Council under the IP&R framework:

- **The Community Strategic Plan (CSP)** is the highest-level plan that a council will prepare. The purpose of the Plan is to identify the community's main priorities and aspirations for the future and to plan strategies for achieving these goals.

- **The Delivery Program** outlines a Council's direct response to the CSP. It details the specific activities (projects and programs) that will be undertaken during its elected term to address the CSP.

- **The Operational Plan** is a sub-plan of the Delivery Program. The Operational Plan outlines the annual activities that will be undertaken as part of the Delivery Program, alongside the annual budget.

- **Reports.** Councils prepare a number of reports (e.g. Annual Reports) that capture the progress against the CSP outcomes as well as monitoring the delivery of key activities in its Delivery Program and Operational Plan.

Detailed information about our City and Council is provided in our Community Strategic Plan – Campbelltown 2032 and Delivery Program 2022-26.

Development and Review of the Workforce Management Strategy

To develop our Workforce Management Strategy we have considered the outcomes of both community and workforce surveys, statistical information, industry benchmarking and organisational metrics. It is imperative that we closely analyse the results and the messages within to develop and plan for the future. By developing achievable and pragmatic solutions, along with our aspirational goals, it will enable our organisation to be resilient and agile into the future.

Our Organisational Structure

The Local Government Act 1993 requires councils to adopt an organisational structure that is appropriate to the needs of each council and the communities they serve. Our organisational structure evolves to support the successful delivery of our Community Strategic Plan and consists of 5 directorates plus the Office of the General Manager.

The below diagram depicts current functional reporting lines however, we are one organisation and will increasingly operate through cross-functional teams to deliver high quality projects and services.

It is important to note, to be an agile and productive organisation we must continue to review and adapt the structure to meet the changing needs and expectations of our people and of our growing community.

Our Goals

Campbelltown is at the heart of unprecedented growth and change across the Macarthur Region, and our organisation must plan for multiple possible outcomes and it is essential that we recognise trends early and deploy the required resources to capitalise on opportunities. To be able to innovate ahead of our competition and meet the demands of change and growth, we need to be able to accurately forecast our needs and resources.

To do this we must:

- Encourage and develop shared values and purpose
- Support and foster diversity
- Encourage collaboration and teamwork
- Develop a culture of openness and accountability
- Ensure transparency and good governance
- Deliver clear and consistent communication
- Develop a sense of urgency and priority
- Manage risks

The initiatives within this Workforce Management Strategy will ensure we have the right people, in the right place, with the right skills at the right time.

By being ambitious and implementing the following strategies and supporting actions, we position our organisation to realise its potential by embracing innovation and embedding our vision as a city of opportunity for all.

Our formal Culture and Leadership Framework ensures alignment to our Community Strategic Plan, and the way we need our people and teams to think and act to deliver on our actions and commitments in the Delivery Program 2022 to 2026.

This framework consists of 3 core pillars: Operational Efficiency, Healthy and Engaged Employees, Trusted Leadership. These are underpinned by our shared values of respect, integrity, teamwork, trust and optimism.

Implementation of the Workforce Management Plan is overseen by our People and Performance group with key functions: Policy and Projects; Human Resource Operations; Learning and Development; Injury Management and Payroll.

Having progressed key initiatives identified in the previous 2017 to 2021 Workforce Management Plan, the 2022 to 2026 plan commits initiatives which build on our progress and successes to date.

Commitment to increasing participation of Aboriginal and Torres Strait Islander people in our workplace

Council acknowledges Aboriginal and Torres Strait Islander peoples as the first Australians. We acknowledge the impact of settlement upon culture and recognise the social, economic and workforce participation challenges that continue to be faced today.

As Council conducts business on Dharawal Country, we are committed to increasing the participation of Aboriginal and Torres Strait Islander community members in our workforce.

In partnership with Aboriginal and Torres Strait Islander communities, Council will increase representation in the workforce through the introduction of key initiatives aligned to the pillars of Engagement; Cultural Safety and Career Pathways.

The "Campbelltown NAIDOC" artwork is a visual representation of the celebrations of NAIDOC Week held annually in and surrounding Campbelltown.

Campbelltown City Council has a long history of celebrating NAIDOC Week and working in partnership with key community partners, agencies and local Aboriginal organisations to celebrate Aboriginal and Torres Strait Islander people and culture.

Each element within the artwork has significant meaning, blending to form the overall artwork story. The colours applied within the artwork compliment the Campbelltown Council Branding.

RS Creative Solutions was established in 2017 by Rhonda Sampson a proud Kamilaroi woman who is passionate about sharing her culture and providing her clients with innovative design solutions.
