About the Workshops

Bees in your Garden with Werombee Man

Learn about the fascinating world of beekeeping from our local expert the Werombee Man. Listen to Stuarts expert knowledge and captivating insights on beekeeping.

How to upcycle a t-shirt: "no-sew" bag

Bring your much-loved t-shirts to one of our upcycle workshops where we will show you how to repurpose your t-shirt into a no-sew tote bag! They are easy to make (and did we mention no sewing!) and in less than 10 minutes you will have a bag ready to go for all your market purchases! We also love to use them as fun little carry bags for kids for their toys and books.

It's a Wrap: How to make beeswax wraps with The Werombee Hive

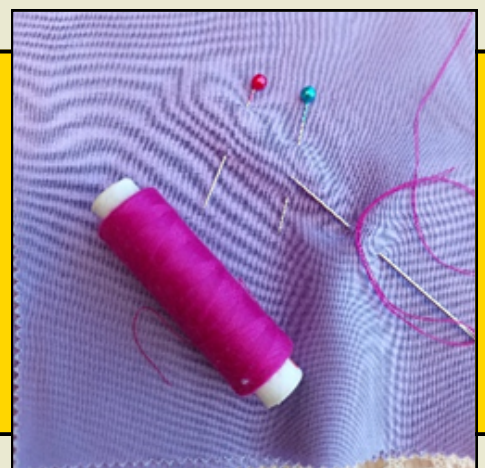

Start your plastic-free journey by learning how to make your own reusable beeswax wrap. Join Ally as she demonstrates how to make your own reusable beeswax food wraps. Beeswax food wraps are a great alternative to plastic wrap and is a fun and creative way to start breaking up with plastic.

How to make an insect hotel

Insect hotels are a great way to welcome friendly insects back into your garden! Learn how to build your own insect hotel to encourage friendly creatures back to your garden and the important part they play in keeping your garden and plants healthy.

Introduction to mending with Meenu

Meet and learn some hand sewing basics with local and passionate community mender Meenu. You will be able to get an introduction to how easy it is to learn valuable skills of hand sewing basics for children's school uniforms and other daily garments. Learn how to fix a shirt button and the button hole and how to mend holes/tears in pants.

Macarthurs Biggest Garage Sale

All Day Events

Explore a Musical Garden with Junkyard Beats

Play and explore and have fun at Junkyards Beats Musical Garden. Made entirely out of recycled materials, freely explore the imaginative sounds of this unique music playground. Perfect for the whole family!

Get ready to roll with Revolve ReCycling

Get your bike checked out for free! Whether it is a bike check or a tune-up, Revolve ReCycling is here to help*. If you have a bike that is doing more "resting" than "riding" donate it so it can have a second life! Our goal is to have up to 100 bikes donated.

Please note:

- *Only bicycles can be repaired, not e-bikes or scooters
- *Revolve ReCYCLING will do their best to repair all issues, however, if deemed unrepairable you can drop your bike off on the day to be recycled for free.
- * There will be two mechanics offering 15-minute sessions from 9am to 1pm.
- * Limit of 1 bike per booking.
- * Bookings are essential – click on this link to book [Bookable](#)
