# **Part 15**

## **Animal Boarding or Training Establishments**

## 15.1 Application

# 15.1 Application

This Part applies to animal boarding or training establishment in areas zoned IN1, E3 and RU2

**Animal boarding or training establishment** (as defined under the CLEP) means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

### Zone Acronyms

INI General Industrial : IN1

E3 Environmental Management: E3

RU2 Rural Landscape: RU2

### Note:

Under the CLEP, the minimum qualifying site area for animal boarding or training establishments in E3 and RU2 Zones is 5 hectares.

### Note:

All development applications for animal boarding or training establishments that involves companion animal breeding shall be assessed giving due consideration to the Animal Welfare Code of Practice - Breeding Dogs and Cats available from NSW Industry and Investment website at: <http://www.dpi.nsw.gov.au>

### Objectives:

- Ensure that animal boarding or training establishments do not significantly impact on the amenity of adjoining residents.
- Ensure that land selected for an animal boarding or training establishment is capable of supporting that use.
- Ensure that the location, size and internal layout of animal boarding or training establishments takes into account the surrounding land uses and potential land uses.
- Ensure that animal boarding or training establishments incorporate best practice design and management practices, in order to minimise any potential adverse impacts upon adjoining landholdings and to provide for the satisfactory welfare of animals kept within the establishment.
- Ensure that animal boarding or training establishments are designed to incorporate humane and industry best practice animal accommodation.
- To minimise the potential for land use conflict between animal breeding, boarding and training establishments and other uses in the vicinity.
- To minimise the impact of wastes from the animal boarding or training establishment on water and air quality.
- To prevent contamination of surface and ground waters.

# 15.2

## General Requirements for Animal Boarding or Training Establishments

### 15.2 General Requirements for Animal Boarding or Training Establishments

#### 15.2.1 Site Requirements

- a) Animal boarding or training establishments shall not be located on land that is a bush fire prone land unless appropriate measures to the satisfaction of Council and Rural Fire services are implemented.

#### 15.2.2 Setbacks

- a) Animal boarding or training establishments on land zoned E3 and RU2 shall be set back a minimum of 250 meters for any dwelling not associated with the facility.
- b) Notwithstanding the requirement under Clause 15.2.2 a) above, animal boarding or training establishments on land zoned E3 and RU2 shall comply with the setback requirements under Part 4 Rural Residential Development and Ancillary Rural Development Structures.
- c) Animal boarding or training establishments on land zoned IN1 shall comply with the setback requirements under Part 7 Industrial development.

#### 15.2.3 Isolation facility

- a) An isolation facility shall be provided on site in order to segregate animals which have an infectious disease.

#### 15.2.4 Noise impacts

- a) An acoustic impact assessment report shall be required to be submitted with a development application for any animal boarding or training establishment.
- b) Buildings shall be designed and constructed to minimise noise transfer to neighbouring properties.

#### 15.2.5 Environmental impacts

- a) A waste water treatment plan shall be included with the development
